

Through the Keyhole

By Mrs. Robert Cannon

Apologies in profusion are our fate this week as the series of pictures so carefully made and posed did not develop. Working with Miss Eunora Farris and the Elba Study Club, we planned pictures to publish the approaching Library Day. And for the first time since this column started, the camera failed. Our thanks to the committee members and to the young people (Billy Bruce, Susan Hayes, Linda Spurlin, Susan Macrow and Sharon Michel) for their cooperation.

This Saturday, Oct. 8, will be Library Day and the activities around the square will be many and varied. Beginning at 10 in the morning a rummage sale will be the center of interest. And what a lot of clothes these ladies have assembled! To assure some of their husbands are going to miss a favorite sport coat or sweater when October sends her chilling winds this way. This sale will continue until 5:30 in the afternoon.

Coming onto the scene around the courthouse at two o'clock will be the long time favorite—the cake stand. Home baked cakes—chocolate to the skill of Elba's best cooks will be sold, along with delicious ice cream. I understand that the cakes will be sold either in slices or per cake. This skating party will be in progress. The skating will be around the square and will be supervised by members of the

Elba Study Club. Sounds like an afternoon and evening of fun, doesn't it?

The library is the project of the cake stand and as a responsibility to them for its foundation. The funds must be raised. And Saturday is the day to do it. So if you can't be down town, answer your doorbell when the teenagers call and give them a donation. They will appreciate it. Members of the Special Projects Committee responsible for Library Day are Miss Eunora Farris, Mrs. George Collier, Mrs. Fulton Spurlin, Mrs. John Kimmerly, Mrs. A. C. Dunaway and Mrs. J. D. Lowery.

THE ENEMY'S CAMP was exactly where we were Friday night when Elba met Opp on the football field. Arriving a little late, we found the Elba benches full so we searched for seats among our competitors.

However, we weren't too outnumbered. With us were Becky and Wiley Stanford and down the row, Peggy and James Devane and Sammie Morrow. We sat in slices or per cake. This skating party will be in progress. The skating will be around the square and will be supervised by members of the

and Harry Bowell were present as were Jerry, Gerald and Ann Cannon. Bobby Mills escorted by Dorsey and sons enjoyed chatting with Jane (Benton) Davis.

This sitting on the opposition side has its advantages as we can "see ourselves as others see us." The cheering section was much louder than I had assumed and the band quite strong. We could pick out one or two gentlemen by their distinctive cupcake. On leaving we saw and waved to Donna Smart and her party.

THIS'N THAT. Congratulations are in store for Roy Foreman who has recently become a married man. Haven't yet found out whom he married, only that she is from Anniston where Roy has been working since graduation.

Looking as serene and happy as usual, Mrs. Kite Ham stopped to chat for a few minutes. So good to see Margaret Whitman Beale on her weekend visit last week. Judy Pinkard in gay orange foretold that the cakes will be sold either in slices or per cake. This skating party will be in progress. The skating will be around the square and will be supervised by members of the

REAL ESTATE

The following real estate transfers have been recorded at the Elba probate office during the past week:

Calie Dyess and W. L. Dyess to J. Delphus Bragg.

Lily Stephenson and husband to Paul Windham (2 deeds).

Mack H. Farris and wife to Maurice Stickleland.

Mrs. Alma Watson et al to M. C. Free.

Mrs. Jessie Sellers and W. Deemes to M. C. Free.

G. J. Clark and wife to Jessie Lee Donaldson.

D. D. Mobley and wife to R. W. and W. H. Mobley.

STRENGTH FOR THESE DAYS

The Lord openeth the eyes of the blind; the Lord raiseth them that are bowed down; the Lord loveth the righteous; the Lord preserveth the strangers; He releiveth the fatherless and widow; but the way of the wicked He turneth upside down.—Psalm 146:8,9

THE PHOENIX CITY STORY

will be shown at the Elba Theatre Sunday and Monday, Oct. 30-31.

First Month of School Activities Reported

BY MRS. BRYAN TAYLOR

Faculty Secretary

As we bring to a close the first month of school for this 1955-56 term, we are pleased to state our progress.

The school year opened with a two-day workshop for the faculty. These two days were spent planning and discussing the opening of school and its successful operation for the first month. Mrs. Casey, who is in charge of the elementary school, stated that their enrollment has reached 469. In the high school Mr. Taylor says enrollment is 122, making a total of 591 for the entire school system.

We are grateful to the city and all those who had a part in making it possible for this community to have a clean, comfortable building to accommodate this number of students.

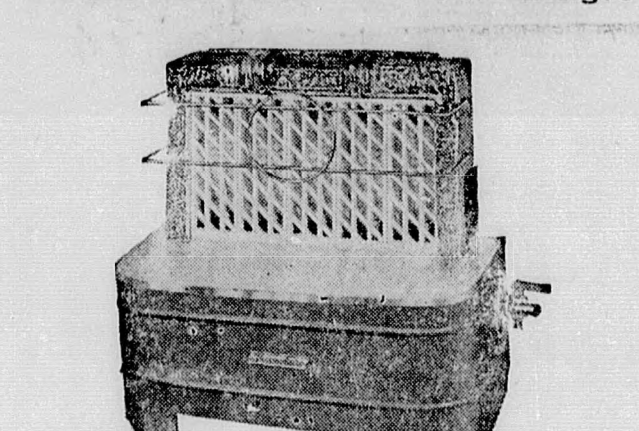

The students are busy now discussing plans for the organization of a Student Council which will allow the students training and practice in the democratic principles which this school endeavors to instill in the youth of today. Another outstanding event foremost in their minds is the Homecoming festival. The date for Homecoming has been set for November 4.

With this new year, we extend with renewed spirit a hearty welcome to each member of this community. Make this school your school!

Birthday Party Given For Tommie Beale

Little Tommie Beale celebrated his third birthday party on Saturday afternoon, Aug. 24 at the home of his grandparents, Mr. & Mrs. J. D. Whitman. A number of little friends were invited on the lawn where an hour was spent in playing.

The embossed birthday cake was decorated in Halloween colors with miniature Jack o'lanterns holding the three candles. Each guest was presented a unique favor and then was served ice cream and cake by the hostess's mother.

Present were Beverly, Skip, Ricky, Rainer, Cindy Stokes, David McDowell, Sammie Waters, Pam, Charlotte and Billy Bullard, Terry Martin, Butch and Candace Eggs and Bunch.

Wesley Circle Holds Meeting Monday Eve

The Sunnyside Wesley Circle met with Mrs. Elvin Edgar Monday night, Mrs. James Devane was in charge of the program which was a continued study of "Power Through Prayer."

A delicious dessert course was enjoyed by Mrs. Carolyn Marley, a visitor and Mesdames Jo Ann Cannon, Louise Cooper, Peggy Devane, Carolyn Stokes, Jean Vaughan, Merle Cannon, Emma Margaret Inman, Myrtle Sellers, Mrs. Alice Wise, Martha Martin, Helen Rainer, Martha Schrader, Margaret Haile and the hostess, Dot Edgar.

YOUTH RALLY

There will be a district youth rally at the Church of God in Elba, Oct. 10. The special program will be entitled, "A Search in Vain." Services will begin at 7:30 P. M. Everyone is invited.

Mrs. M. F. Robinson is director of the local church.

Dr. & Mrs. John McCarley of Birmingham visited Dr. & Mrs. Leslie Johnson last week.

Mr. & Mrs. Cecil Wilson announce the birth of a girl, Cynthia Nell on Sept. 18 at Edge hospital in Troy.

Mrs. Wesley Ham is in Birmingham this week where she is a guest at the State Fair. This honor is being paid her for being the High School teacher who has taught the longest number of years in the Elba system.

Duck Parker of Baton Rouge, La. spent the weekend with his wife and family.

Mr. & Mrs. Hendrix Jeter spent several days last week in Memphis, Tenn. Mrs. Jeter remained for a longer visit with her sister who is quite ill.

Mrs. Ed Purvis of Montgomery spent last weekend in the home of her sister and mother, Mrs. Terry Kendrick and Mrs. J. A. Carnley.

Miss Mae Harper is undergoing treatment at Gibson Hospital.

1956 MAID OF COTTON TOUR TO OPEN IN NASSAU

Announcing the opening of the 1956 Maid of Cotton contest this month, the National Cotton Council revealed that for the first time next year the cotton industry's emissary will open her tour outside the United States. She will be whisked by BOAC stratosphere to picturesque Nassau in the Bahamas Jan. 31 for a fashion show of new American designer cottons at the historic Royal Victoria Hotel pictured above. Thoroughly modern today, the stately hotel dates back nearly a century. During Civil War days it served as a base for Confederate blockade runners taking cotton through to England. Information about the Maid of Cotton contest is available from National Cotton Council, Box 9905, Memphis 12, Tenn.

Mr. & Mrs. F. C. Mason of Pensacola spent the weekend with Mr. & Mrs. G. W. Clark.

W. J. Donaldson spent last week in Montgomery with Mr. & Mrs. Donaldson and Mrs. Sue Donaldson. She brought him home Saturday and visited until Monday.

Mr. & Mrs. C. T. Russell spent last week in Lanett with Mr. & Mrs. Hugh Tyson and family and in Columbus, Ga. with Sgt. & Mrs. A. E. Garcia.

Plant Manager and Mrs. W. H. Mullins were hosts at noon Friday to the employees of the Kinston Manufacturing Co. at a barbecue dinner at Roadside Park.

Mr. & Mrs. Joe McCord of Phenix City spent Sunday and Sunday night with her parents, Mr. & Mrs. J. R. Weeks.

Mrs. G. D. Gentry returned home last week from Callum where she spent several days with her daughter, Mrs. Roy Williams and Mr. Williams.

HOOD'S THE NEWS!

The hood's the news in fall fashion according to the latest magazine, which forecasts hooded jackets, dresses, sweaters, blouses and coats for back-to-school wardrobes. Typical of the hooded look is the cotton knit. Cotton knits are practical as well as fashionable, the National Cotton Council says, because the knits shed wrinkles.

What Attracts Capital to Elba?

Recently without any fanfare or hoopla, construction was started on a feed mill plant across from the Standard Oil wholesale station. Now far enough along so that opening is scheduled in about two weeks, and an individual who has been prominent in Elba business circles for many years, might wonder what attracted the town's newest asset to this locale.

Vester Ward, Faunsdale, Ala. feed supply dealer, who is putting up the new plant was asked this question Friday. His answer was a compliment to farmers in this area and an individual who has been prominent in Elba business circles for many years.

It might seem strange that the fact that practically all farmers in this area for his products. Corn and hay purchased and processed into dairy feed here will be shipped to the northern part of the state, thus giving local farmers a new outlet for their products. Mr. Ward predicted that he would do a million dollar a year business when it comes to buying and selling feeds at his Elba mill. (For many years he and his son have operated the Ward Feed Supply at Faunsdale so the management of the Pea River Milling Co. knows where it is going.) While the mill has considerable storage space, Mr. Ward hopes to ship the mixed feeds almost as fast as they are received. Considerable money should go into pockets of farmers in this area as a result because Mr. Ward said he thought he would be able to buy every bit of peanut hay offered for sale in the county.

The employment picture will be helped here, too, by the Pea River Milling Co. Under the management of Jake Bryant, a native of Coffee County, the feed mill has a potential working force of 20 men. Local men will be hired as they are needed, Mr. Ward said.

While formal opening of the plant is still two weeks off, we want to welcome Mr. Ward to Elba and thank him for picking the town as a site for expanding his feed supply business. We hope his operation will be profitable and his relations with the people in the community amicable. The operation is certainly a boost to the area's economy and folks here realize Mr. Ward has shown faith in Elba by investing his money here.

Kinston Sewing Plant Expanding Capacity
Coffee County's first community effort at providing a building for a new industry seems to be working out well in Kinston. Over a year ago businessmen and farmers in the community erected a plant for the Billy Boy Manufacturing Co. in New York. It was a tremendous effort for a small community and has not been without its problems.

However, there are now 125 persons employed at the Kinston Manufacturing Co. and the place is bursting at the seams with orders. Because the space is not big enough to handle the volume of business being pumped into it, Barney Prusan of New York, owner of the Billy Boy trade mark, is planning to move to double floor space in the plant.

Now operating in a building 50 X 200 feet, a new addition of 75 X 200 feet has been started. The foundation was poured last week. Plans currently call for installation of 100 or more machines and hiring of 100 more operators.

Billy Mullins, manager, said Thursday he believes they will start moving into their expanded quarters in about three months. The structure is to be built from concrete blocks and is being financed by Billy Boy Co., he said.

One of the problems that has come up in Kinston is water supply. Just last week the well was completed with what promises to be a sufficient supply of water. It had to be drilled to 520 feet before a "producing strata" was reached. In comparison, Elba's well is about 380 feet deep and has one of the best flows of water the drilling contractor ever found in Alabama.

The people in Kinston are to be congratulated on starting and seeing this project through. There have been and will continue to be problems in the operation. But because of efforts of the people in that community, the economy of Coffee County and surrounding territory has benefited. We are sure there has been considerable sacrifice on the part of a few but we are not close enough to the operation to know who should receive credit for the approximate \$70,000 payroll released in the county every two weeks.

Important Appointments Made on State Level
Claude Dorsey, president of Dorsey Trailers, Inc., was appointed to the nine-man state docks advisory committee last week by Governor Folsom. Created by the 1955 Legislature, the committee will serve in an advisory capacity to the state docks inpector who has yet to be appointed by the governor. Two members of the advisory committee are from the first congressional district of Mobile and one from each of the other eight districts. Mr. Dorsey is the third district's representative.

Besides being honored with the appointment, Mr. Dorsey will be in an advantageous position to watch the development of a new form of transport that is important to him and Elba. "Piggy back" carrying of loaded truck trailers from East Coast ports to Mobile is in the offing. From his vantage point on the state docks board, Mr. Dorsey can learn some of the practical phases of the operation.

Commissioner of Revenue Larue Horn released names of men appointed to the tax equalization board of Coffee County last week. In what promises to be a "hot seat" for the next four years, he has named F. C. Morrow, Rt. 2; C. O. Egerton, Jack, Rt. 1; and W. T. Pittman of Enterprise.

Weather Facts for Fishermen
There has been so much hokus pokus written about the effect of weather on fish and fishing that the average fisherman is inclined to throw his hands in the air and forget the subject. The best time to go fishing is still "any time you have a free minute", but certain weather factors DO play a part in fishing results.

To aid those who have a hankering to fish with a thermometer in the tackle box and a solar table in a hip pocket, the manufacturers of a popular outdoor motor offer the following weather facts for anglers.

1. During the summer, pay close attention to the passage of cold fronts. Excellent results are obtained by fishing in the air when such a front is passing overhead.

2. Fishing is best on a high or rising barometer, and is poorest when the barometric pressure is low or falling.

3. A barometer reading of 29.90 (equivalent sea level pressure) is average. Fishing is generally good above this figure and poor below.

Pea River Milling Company's most important service will be in providing farmers an outside of the county market for their hay and corn. However, the service of custom grinding feed and selling Nutrena feeds will compete with other established businesses here. Mr. Ward said he was installing two mills, a corn sheller, three mixers and two molasses blenders. Fifteen tons of feedstuff will be processed every hour in his two mills, he stated. Quick service on custom grinding is promised all customers of the Pea River Mill, Mr. Ward said.

Or most important, though, is the fact that the Faunsdale feed supply dealer has a big market outside of Coffee County for his products. Corn and hay purchased and processed into dairy feed here will be shipped to the northern part of the state, thus giving local farmers a new outlet for their products. Mr. Ward predicted that he would do a million dollar a year business when it comes to buying and selling feeds at his Elba mill. (For many years he and his son have operated the Ward Feed Supply at Faunsdale so the management of the Pea River Milling Co. knows where it is going.) While the mill has considerable storage space, Mr. Ward hopes to ship the mixed feeds almost as fast as they are received. Considerable money should go into pockets of farmers in this area as a result because Mr. Ward said he thought he would be able to buy every bit of peanut hay offered for sale in the county.

The employment picture will be helped here, too, by the Pea River Milling Co. Under the management of Jake Bryant, a native of Coffee County, the feed mill has a potential working force of 20 men. Local men will be hired as they are needed, Mr. Ward said.

While formal opening of the plant is still two weeks off, we want to welcome Mr. Ward to Elba and thank him for picking the town as a site for expanding his feed supply business. We hope his operation will be profitable and his relations with the people in the community amicable. The operation is certainly a boost to the area's economy and folks here realize Mr. Ward has shown faith in Elba by investing his money here.

One of the problems that has come up in Kinston is water supply. Just last week the well was completed with what promises to be a sufficient supply of water. It had to be drilled to 520 feet before a "producing strata" was reached. In comparison, Elba's well is about 380 feet deep and has one of the best flows of water the drilling contractor ever found in Alabama.

The people in Kinston are to be congratulated on starting and seeing this project through. There have been and will continue to be problems in the operation. But because of efforts of the people in that community, the economy of Coffee County and surrounding territory has benefited. We are sure there has been considerable sacrifice on the part of a few but we are not close enough to the operation to know who should receive credit for the approximate \$70,000 payroll released in the county every two weeks.

It takes more than an accident gunshot to stop Sheriff Eric Paul when he gets on the trail of liquor runners. The general sheriff has been carrying a very sore arm since Thursday night when he suffered the

FOOTBALL FAN

This young sports fan is especially proud of his new jacket because it is equipped with a football star in action. The water-repellent, washable cotton jacket by Junior Sewing Club. Much fun was created by the young people in preparing their own refreshments.

23 Years Ago—The lone talent play entitled "The Duetist Skule" given at the school auditorium Friday night under the auspices of the Y. W. A. of the Baptist Church lived up to its advance advertising as the "funniest play of the season." Miss Annie Laura Bird directed the play and her selection of characters proved her great ability along that line. Participants were: D. C. Marley, Mrs. C. B. McDowell, Miss Lily Morrow, Mrs. Sam Rowe, John M. Bonneau, Mrs. John M. Bonneau, James E. Folsom, H. C. Bryan, Albert Prescott, Almon Strain, Walter Whitman, J. O. English, Miss Gladys Clark, Mrs. J. O. English, Miss Madge Page, Dr. W. M. Ringdorf, Mrs. Frank Blair, Miss Lillian Rowe, Mrs. J. W. Kendrick, Will White, and M. B. Munson. A capacity house enjoyed the show immensely.

The members of the Senior Epworth League of the Elba Methodist Church gave a farewell party at the home of Miss Gladys Miller Tuesday night in honor of Miss Frances and Mary June McDowell who will soon move to Brundidge. Some

20 young people enjoyed games and refreshments of sandwiches.

County Supt. Rowe Watson announces that the white schools of Coffee County will open Monday morning, Oct. 3, and the colored schools the following day, Tuesday, Oct. 4. The white teachers institute will be held in Elba on Sat., Oct. 1 and the colored will be held in Elba Monday, Oct. 3.

Prof. James B. Dixon informs the Elba Public Schools are paying their tuition fees to a greater extent than ever before. Which is very gratifying, especially taking into consideration the hectic financial stress existing. Prof. Dixon and the School Board wish to thank the patrons for their generous response to the appeals that have been made along that line. It is enabling the schools to operate.
